FROM THE HANDICAP COMMITTEE

QUESTIONS FOR THE HANDICAP COMMITTEE MAY BE
SUBMITTED TO:

WCCFOXHC@GMAIL.COM

The Handicap Committee mailbox will be monitored during the active golf season and the Handicap Committee will do its best to respond to all inquiries as quickly as reasonably possible.

Mission Statement: The combined Handicap Committee for Weymouth/Fox Meadow has a very simple mission: ensure that all competitions conducted by the Men's Golf Association are contested on a level playing field that allows each competitor a reasonable chance to win if that competitor plays well in that event. In addition, it is the Committee's responsibility to monitor member handicaps and to ensure that handicaps correctly reflect a player's demonstrated ability so that the handicaps that our members carry will allow them to fairly compete in NOGA and other tournament events outside of Weymouth\Fox Meadow.

Governance & Purpose

Weymouth Country Club and Fox Meadow Country Club are members of the Northern Ohio Golf Association (NOGA), a regional designee of the United States Golf Association (USGA). To facilitate participation in the many NOGA tournaments held each year throughout the region, and to establish handicaps for our club events, our members must adhere to all the rules and decisions defined by the USGA. Each golf club or golf association utilizing the *USGA Handicap System* **must** appoint a Handicap Committee to ensure the integrity of the *Handicap Index* issued for its members. Weymouth Country Club and Fox Meadow Country Club have a

single combined Handicap Committee to ensure uniformity in peer review.

The purpose of the *Rules of Handicapping* is to make the game of golf more enjoyable by enabling players of differing abilities to compete on an equitable basis. The System provides a fair *Course Handicap* for each player, regardless of ability, and adjusts a player's *Handicap Index* up or down as the player's game changes. At the same time, the System disregards high scores that bear little relation to the player's potential ability and promotes continuity by making a *Handicap Index* continuous from one playing season or year to the next.

In addition, the *Rules of Handicapping* are based on two important premises: each player will try to make the best score on each hole in every round, regardless of where the round is played, and that the player will post **EVERY** acceptable round for peer review (refer to *Rules of Handicapping*, rule 2.1 covering acceptability of scores, or refer to the “Posting Scores” section below). The player and the player’s Handicap Committee share responsibility for adhering to these premises.

Each member can help the Committee and their Club ensure this system works by following a few simple guidelines:

- Understand and follow Adjustment of Hole Scores as outlined in the World Handicap System (pgs. 9-10) when posting scores.
- Post **EVERY** acceptable score upon completion of your round. ***Because Handicap Indexes will change dynamically, as opposed to twice each month as they have in the past, it is critically important that the score be posted as soon as possible after completing a round.***
- Participate in the Peer Review process by holding playing competitors accountable to post their scores immediately upon completion of each round.

The Handicap Committee will be reviewing Handicap Indices on a regular basis throughout the golfing season, and has the responsibility to ensure that each player has a *Handicap Index* reflecting **potential ability**. The *Handicap Index* is not an indicator of an “average” or “most likely” score. It’s about potential.

Handicaps will be prominently posted in designated locations at both clubs so that members may review the *Handicap Index* of any club member, along with the number of rounds posted.

Peer Review

The Handicap Committee will be reviewing Handicap Indices on a regular basis throughout the golf season. Rule 2 of the *Rules of Handicapping* covers the conditions a score must satisfy to be acceptable for handicap purposes (also see section in this book covering posting of scores), providing confidence that it will produce reasonable evidence of a player’s ability and, ultimately, a Handicap Index that is reflective of demonstrated ability.

World Handicap System (WHS)

Effective January 1, 2020 the USGA has adopted the World Handicap System. Important highlights of the changes from the old system are as follows:

- Handicaps will potentially change each time a score is posted. The old system of GHIN Indexes being updated on the 1st and 15th of each month is no longer in place. If applicable a player’s handicap index will change the day after a score is posted.
- The Handicap Index will be based on the best 8 scores out of the most recent 20. The old system used the best 10 scores out of the most recent 20.

- The maximum score a player can count on any hole for Handicap purposes is a net double bogey. **The “old” Equitable Stroke Control system is no longer in use.**

2020 Tournament Handicap Summary

Summary of 2020 Tournament Handicap Calculation
(please see pages 11-21 for policies and Qualifications for Tournament Play)

- **Tournament Handicap is initially based on Handicap Index as reflected in the GHIN software on the appropriate cutoff date for each tournament determined by the Handicap Committee**
- **GHIN Handicap Index is routinely reviewed by the Handicap Committee for validity and compared to CPI (Competition Player Index) calculation (pgs. 11-12); Tournament Handicap *may* be reduced based on the difference between GHIN and CPI.**
- **Specific requirements regarding scores posted to GHIN in the last 12 months (**minimum of 20 scores**), minimum number of competition scores posted from 1/1/18 forward (**minimum of 5 competition scores**), and number of scores posted in 2020 under the ladder system (see page 19) must be met. If any player does not meet all three of these requirements, they will be subject to the Handicap reductions outlined on page 12.**
- **Season-long match play Handicaps start with 1/1/20 index and can go down (but not up) during the season**
- **It is EXPECTED that scores from ALL acceptable rounds are posted in GHIN by midnight the day the round is completed! This is more important than ever since playing conditions are accounted for with the “dynamic” handicap index changes only if entered by midnight**

2020 Tournament Play

As stated in the summary, the **starting point** for determining a player's tournament handicap for events other than season-long match play will be the player's GHIN Handicap Index at the appropriate cutoff date determined by the Handicap Committee in advance of each tournament.

Rule 1.3 of the Rules of Handicapping indicates that a player is expected to Act with Integrity by following the *Rules of Handicapping* and to refrain from using, or circumventing, the *Rules of Handicapping* for the purpose of gaining an unfair advantage.

As part of the ongoing Peer Review Process the Committee reserves the right to adjust the player's Handicap Index for any tournament for the following reasons:

- Player does not post scores to GHIN for acceptable rounds played
- Historical tournament scores are inconsistent with Handicap Index.
- Player does not have at least 5 competition scores on their record from 1/1/18 forward
- Player does not have at least 20 scores posted in GHIN during the most recent 12 months
- Player fails to meet current year "Ladder" requirements established by Golf Committee (see Qualifications for Tournament Play)

A player's Competition Playing Index (CPI) is computed by taking the best 8 of the most recent 20 (consistent with the WHS formula to compute a regular index) competition scores (or the best 40% of the Competition scores if the player does not have 20 scores on their record). The Committee will initially look at Competition scores in the trailing 12 months prior to the CPI date (see four dates outlined below). If the player has at least 5 Competition scores in

the trailing 12 months, those scores will be used in the CPI calculation. If a player does not have at least 5 Competition scores in the trailing 12 months, the Committee will look back as far as 1/1/18 to get to the minimum of five scores and the most recent 5 Competition scores will be used in the calculation. If a player does not have the minimum of 5 Competition scores even when looking back to 1/1/18, the player's CPI cannot be calculated and the player will be subject to the handicap reductions described below.

The CPI will be "run" four times during the season (4/1, 6/1, 7/1, 8/1). The CPI computed on those dates will be compared to the player's GHIN Handicap Index as of the appropriate tournament cutoff date (determined by the Handicap Committee). For those players whose CPI is 2 or more strokes lower than their GHIN Handicap Index, the CPI will be used as that player's handicap index for that tournament; otherwise the player's GHIN index as of the appropriate cutoff date will be used for that particular tournament.

Once the player's handicap index for the tournament has been determined, a course handicap for that player is determined based on the tees being played. Finally, the course handicap is multiplied by the Handicap Allowance from the Rules of Handicapping (Appendix C) to determine the Playing Handicap for that player for that tournament.

The maximum Playing Handicap in all tournament play is 27.

As mentioned previously, players who do not have a minimum of five Competition scores in their GHIN record from 1/1/18 to the tournament cutoff date OR 20 scores posted in GHIN during the 12 months prior to the tournament cutoff date OR do not meet the current "Ladder" requirement established by the Golf Committee will have their handicap for tournament play reduced by 25% (must meet ALL THREE criteria to avoid reduction):

Season-Long Match Play

Because match play events begin before many members have the ability to get many rounds played in 2020, The starting point for both the individual and two-man match play events at both clubs will be the 1/1/20 GHIN index for each player.

At the time an actual match is played, the pro shop will prepare the card using the low 12-month handicap index for each player (Note that, with the institution of the World Handicap System in 2020, the low 12-month index for all players reset at 1/1/20 since handicaps prior to that date had been computed under the old handicap system). The result will be that each player will be playing to their low 12-month index under the World Handicap System in each match.

Match Play Handicap Reductions

Consistent with the process that will be used in handicapping other tournaments in 2020, match play handicaps will be subject to adjustment under the following circumstances:

1. A player does not have 20 scores posted to their GHIN record in the period from 3/16/19 to 3/15/20
2. A player does not have at least five Competition scores posted to their record in the period from 1/1/18 to 3/15/20.

If either of the two criteria is not met, the starting match play index for that player will be 75% of the player's 1/1/20 GHIN index. For future matches the index to be used will be the lower of that reduced starting index or the low 12-month index as of the date the match is being played.

Member-Guest Invitational Tournament

The process for members will follow the non-match play system described above. For guests, **EVERY** guest participating in the Invitational MUST have a GHIN Handicap from a Tier 1 or Tier 2

Golf Club as defined by the USGA + a minimum of 10 scores posted in that system from July 16, 2019 to July 15, 2020. Please speak to the golf staff for instructions on how your guest may add a GHIN to your member account. This is a fantastic service being offered by our Clubs. Guests who do not have the appropriate index will be able to play with a 25% reduction in their handicap.

The Committee also reserves the right to adjust the guest's handicap due to the following:

- Playing record with an inadequate number of scores
- Prior Member-Guest Invitational performance inconsistent with current Handicap Index
- Handicap Index is from a Type 3 Golf Club as designated by the USGA

Holes not played, holes not finished, holes conceded

- A player who starts, but does not complete a hole or is conceded a stroke must record for handicap purposes the *most likely score* as detailed in Rule 3.3 of the *Rules of Handicapping*. The *most likely score* may not exceed net double bogey, but will be lower than net double bogey if the lower score was *most likely*. The *most likely score* should be preceded by an "X."
- The *most likely score* consists of the number of strokes already taken plus, in the player's best judgement, the number of strokes the player would take to complete the hole from that position. In the interest of peer review, a player not completing the hole should consult with the other players in the group in arriving at the most likely score. If the player is competing in a match play format, the player should consult with his opponent(s) in arriving at the most likely score.
- When a hole is not started, or not played in accordance with the principles of "Rules of Golf," the score to be entered for handicap purposes is par (for the hole) plus any handicap strokes the player is entitled to, based on Course Handicap.

Posting Scores

*All match play events will be posted as **competition scores** by the competitors after completion of match. The Golf Staff will verify the scores the next day and make any necessary adjustments.*

Scorecards for other tournament events will be collected at the end of play each day and competition scores will be posted by the Golf Staff.

After completing 18 holes of an acceptable non-competition round, the player **must** post his score for peer review. This may be done at the computer in the Pro Shop designated for such use, or via the Internet using the GHIN service. GHIN also provides a free app for use on a smartphone to facilitate posting of scores, and the review of other players' scores and handicap history.

If you have questions concerning any of the above procedures, please ask one of your Handicap Committee members or your Golf Professionals for assistance.

As a Weymouth/Fox Meadow member, you are required to post your score under the following conditions:

- You play a round at home or away during an active season at the *course you played*.
- You play in any form of play; match play, stroke play, even team play, in which you play your own ball.
- You play at least 7 holes (post a 9-hole score) or 14 holes (post an 18-hole score). On the holes you didn't play record par plus any handicap strokes you would have received.

**Do not post scores under the following circumstances:
NEW USGA World Handicap Regulations 2020 (Rule 2)**

- When playing alone
- When being coached on the course
- When using non-conforming equipment
- If you play fewer than 7 holes in a 9-hole round
- If you play fewer than 14 holes in an 18-hole round (9-hole score must be posted)

- When you play in a competition limiting the number of clubs used, such as a one-club or irons-only event
- When an 18-hole course is less than 3000 yards
- When an event is not played under a format authorized by the Rules of Golf, such as a “scramble,” “shamble,” or any other format where you are not playing your ball exclusively for the entire round
- When you play a course currently observing an inactive season
- It is expected that the score is posted before midnight on the day the round is played. If the score is not posted that day it will not be considered in the Playing Conditions Calculation which potentially will impact all scores posted at a given course on a given day

Penalty Score for Failure to Post

If a player fails to post an acceptable score as soon as practicable after completion of the round, the Handicap Committee may do as follows:

1. Post the actual score made by the player;
2. Post a penalty score equal to the lowest Handicap Differential in the scoring record;
3. Post the actual score **and** a penalty score.

The Handicap Committee is not required to notify the player prior to posting a penalty score.

The Handicap Committee will periodically review tee sheets to ensure that all appropriate scores are being posted in GHIN in accordance with the USGA rules. If the Committee finds that scores are not properly recorded or not being recorded at all, the Committee can apply a score of 72 from the tees the player normally plays (with or without a prior warning being issued). If any questions should arise please email the handicap committee.

All Northern Ohio Golf Association (NOGA) events completed must be recorded as either Home or Away Competition scores!

While it is each player's ethical responsibility to enter these scores promptly and accurately, the Committee may also review NOGA tournament activity and take corrective action if necessary.

New Members

We encourage new members to participate in tournaments. We do want new members to be aware that we cannot allow their participation at the expense of fair and equitable competition for longer-standing members. If new members cannot meet the requirements for minimum scores posted in the last 12 months, a minimum of 5 competition scores from 1/1/18 forward or the "Ladder" requirements applied to longer-standing members, the Handicap Committee may apply handicap reductions or establish a Tournament Player Index deemed appropriate by the Committee for the new member.

Competitive Performance Review

The CPI comparison process was put in place to address the circumstance where a player's tournament performance is consistently better than their normal GHIN Handicap Index. In addition to the use of the CPI, The Handicap Committee may also reduce a player's index ***between rounds of a multi-round tournament*** if actual results from the tournament are inconsistent with the Handicap Index the player has been assigned for that event.

In summary, the goal of the Handicap Committee is to provide fair tournament competition at Weymouth and Fox Meadow Country Clubs. Golf is a game of integrity, and we believe our members prefer it that way. There are times when steps must be taken to protect the integrity of the competition, and the Handicap Committee is required and ***broadly*** empowered by the USGA to take any necessary actions needed to ensure a level playing field. We thank the membership for their participation and cooperation and look forward to a fun and competitive 2020 tournament season!

Weymouth / Fox Meadow Handicap Committee 2020

CANCELLATION \ NO SHOW & WITHDRAWAL POLICY

Participants in club events must be respectful of the preparation and cost involved in hosting each of our tournaments. Canceling after the posted deadlines listed on the tournament schedule or in Golf Genius (or “no-showing”/withdrawing) causes’ significant additional labor for our golf professionals and their teams (flighting/pairings) and additional cost (reprinting materials).

If a member cancels his/her entry after the posted deadline, “no-shows” for the event, or withdraws before completion of the event, the member will be subject to the following:

- 1. ALL tournament fees will be billed to the member and are final and non-refundable.**
- 2. Repeat offenders of the policy may be subject to review by the Men’s Golf Association and eligibility for future tournaments may be suspended.**

WHITE TEE POLICY

Members and guests may play the White Tees under the following:

- If the player has a minimum handicap index being used for the tournament of 15 or higher AND his age plus handicap index being used for the tournament = 85 or higher, the player may play the event from the White Tees.
- If the member chooses to play the event from the White Tees, his course handicap will be computed from the White tees and that course handicap will be used to determine his playing handicap for that tournament.
- *Please speak with the golf staff if you have questions about the application of this policy.*

QUALIFICATIONS FOR TOURNAMENT PLAY

1. In order to be eligible for tournament play, each entrant must be a Full Golf Member in good standing. Children of Full Golf Members who have reached the age of 19 and are not older than 23 years old (at the time of the tournament), who are full-time students or serving in the military and meet all qualifications for tournament play may participate. If participating in a two-person team event, the “child” **MUST play with his/her parent.**
2. All players must adhere to the following “Ladder” of eligible 2019 scores posted in GHIN by the registration/cancellation deadline for each major tournament listed below or a tournament handicap penalty will be imposed by the Handicap Committee:
 - a. Member-Member: 4 scores posted by 5/27/20
 - b. Tradition: 8 scores posted by 7/1/20
 - c. Club Championship (non-scratch flights only): 12 scores by 8/19/20
 - d. Interclub: 15 scores by 9/6/20
3. The Interclub Team shall be comprised of
 - a. Head Golf Professional (Assistant if not available)
 - b. Club Champion, Senior Club Champion
 - c. Individual Season Long Match Play Champion (Top Flight)
 - d. Top players available on Season-Long Points List
 - e. Two Captain’s picks decided by Head Professional, General Manager, Club Champion, Senior Club Champion per Fox and Weymouth Interclub Teams
4. Season-Long Match Play
 - a. Each round of individual matches will have a deadline. If the match has not been played prior to that time, and only one of the participants is present, that participant will advance. If neither player shows and other arrangements have not been agreed upon to play the match, a coin flip will determine the winner.
 - b. Each round of two-man matches will have a deadline. If the match has not been played prior to that time and neither team is present, and only one of the participants is present, that participant will advance. If neither team shows and other arrangements have been agreed upon to play the match, a coin flip will determine the winner. A

- match can be played with one team member from each/either team present.
- c. Once the match is over, scoring for all remaining unplayed holes (even if the holes are “played in”) shall be recorded as par plus any handicap strokes to which players are entitled.
5. Only equipment that conforms to current USGA regulations is permitted. Use of non-conforming equipment will result in disqualification.
 6. All players must exchange scorecards with their opponents prior to the start of each tournament round for the duration of that round. All scorecards must be signed by all opponents.
 7. By signing up to participate in a tournament, the member agrees to abide by all qualifications of tournament play.

Hole-In-One Program*

- We are pleased to continue the successful Hole-In-One Program. Fox & Weymouth Full Golfing Members are charged \$3 when a hole-in-one is made at either Club by a Full Golf Member. ALL Full Golf Members are automatically included in this program! Full Golf Members who participate in the Hole-In-One Club are awarded 50% of the prize pool (capped at \$500) to be used in the Clubhouse and Golf Shop. (Prize pool = \$3 * number of participating Full Golf Members) The remaining balance will go to the Men's Golf Association and used primarily to enhance member tournaments and a trophy or plaque will also be awarded from the MGA. Prize Pool proceeds for Holes-In-One made by Full Golf participating members of the Ladies Golf Association will be split between the member and the LGA.
- A hole-in-one must be made between the dates of March 1 and November 30, inclusive, and must be witnessed by another player during the course of a 9 or 18-hole round.
- If you elect to not participate in the Hole-In-One Program, you must opt-out on or before April 1st 2020. If you opt-out for 2020, you cannot not opt back in until 2021. To be eligible to collect your prize you MUST be in the program for the current year. You must contact your Club Accountant in order by 4/1/2020.

****To be eligible for the Hole-in-One Club you must be a Full Golf Member or a golfing spouse eligible for tournament play as defined for the Full Golf Member. Dependent Children of Full Golf Members are NOT eligible for the Hole-In-One Program.***

INDIVIDUAL MATCH PLAY TOURNAMENT

Schedule: Registration will begin March 15th.
Brackets will be posted on April 15th.

Format: There will be up to three divisions determined by handicap. Please see the Qualifications for Tournament Play in the Tournament Book to review eligibility requirements and determination of handicap index. Failure to play your match prior to the posted deadline may result in forfeiture or coin flips.

Round 1 match must be played by May 25 (*Memorial Day Monday*)

Round 2 matches must be played by June 21

Quarter-Final matches must be played by July 19

Semi-Final matches must be played by August 16

Final Matches must be played by September 7 (*Labor Day Monday*)

Tees: Top Bracket: Gold Tees
Middle Bracket: Blue Tees
Bottom Bracket: Blue Tees

Field: 96 Total Players for bracketing purposes
Brackets: Depending on Handicap Ranges

Prizes: Three Overall Champions
Overall Champions, Runner-up and Semifinalists Receive Pro Shop Credit

Fees: \$30 Entry Fee (PER PERSON) Cart Fee not included.

2019 Winner – Chip Curtis

INDIVIDUAL MATCH PLAY TOURNAMENT

Schedule: Registration begins March 15th.
Brackets will be posted on April 15th.

Format: There will be two divisions determined by handicap. Please see the Qualifications for Tournament Play in the Tournament Book to review eligibility requirements and determination of handicap index. Failure to play your match prior to the posted deadline may result in forfeiture or coin flips.

Round 1 match must be played by May 25 (*Memorial Day Monday*)

Round 2 matches must be played by June 21

Quarter-Final matches must be played by July 19

Semi-Final matches must be played by August 16

Final Matches must be played by September 7 (*Labor Day Monday*)

Tees: Top Bracket: Gold Tees
Middle Bracket: Blue Tees
Bottom Bracket: Blue Tees

Field: 96 Total Players for bracketing purposes
Brackets: Depending on Handicap Ranges

Prizes: Three Overall Champions
Overall Champions, Runner-up, and Semifinalists Receive Pro Shop Credit

Fees: \$30 Entry Fee (PER PERSON) Cart Fee not included.

2019 Winner – Kyle Jacob

TWO-MAN MATCH PLAY TOURNAMENT

- Schedule:** Registration begins March 15th.
Brackets will be posted on April 15th.
- Format:** Season Long Single Elimination Two-Man Better Ball Match Play. Each match will be played off the low ball. Flight B Nick Fanous & Josh Swander

COUPLES MATCH PLAY

Schedule: Couples Match play with Bracket. Each round will alternate between Fox and Weymouth. Matches can be played at either course if both couples agree. Each round of matches will have a deadline that the match must be played by. There will be a tee time made for the day of deadline. If the match has not been played for whatever reason, the couple that shows up for that tee time on the day of the deadline will advance. Men playoff the BLUE Tees, women play the RED Tees.

Format: Two - person Better Ball Match Play Tournament. Each match will play off of the lowest handicap per match in each round. Your handicap cannot increase during the tournament; however, if it lowers, you will play to this index. All matches will be played off the low handicap in the group.

Field: 32 Couples – 1 Bracket.

Schedule: Sign up March 15th
Bracket Posted April 15th

Deadline: Round 1 match must be played by May 25 (*Memorial Day Monday*)
Round 2 matches must be played by June 21
Quarter-Final matches must be played by July 19
Semi-Final matches must be played by August 16
Final Matches must be played by September 7 (*Labor Day Monday*)

Entry Fee: \$30 per couple (cart fee not included)

Prizes: Championship Trophy
Pro Shop Credit for Runner-Up and Champions
